#### Directions to China Construction Bank (CCB)

Grayston Drive in front of the CCB building has an island in the middle of the road which does not allow traffic from the East to turn right into the CCB parking.

- When approaching from an Eastern direction, travelling West on Grayston Drive (from N1), turn right into Rivonia and left into Hill Rd at the Morningside Medi-Clinic. At the next road, turn left at the circle into West Rd and continue until you reach Grayston Drive (T-junction) opposite Investec and then turn left into Grayston Drive. CCB will be on your left.
- When approaching from a Western direction (driving East) in Grayston Drive from Benmore Shopping Centre, the entrance into the secure parking area will be on your left just before you reach Rivonia Drive.
